

Dr. Feldstain is clinical psychologist at the Tom Baker Cancer Centre in Calgary, Alberta, an adjunct Assistant Professor with the Division of Psychosocial Oncology, Cumming School of Medicine, and a private practitioner. Dr. Feldstain has spearheaded efforts to bring evidence-based trauma therapies to oncology and is establishing a related research portfolio at the Tom Baker Cancer Centre. She works primarily with people in hematology, stem cell transplant, and palliative care. She has been sought by students and colleagues for her experience in interdisciplinary education, skill with complex patient needs, research leadership, and mentorship.
